AOUP online application for events: Summer 2026

Please read these instructions carefully before applying online for summer events.

We've changed our online application system to use ***TicketSpice***.and hope it makes the application process simpler.

It still isn't a perfect solution, particularly in the confirmation of your application, where you'll receive an email with references to 'tickets' and 'booking' – just re-interpret these as being applications for an outing, not a booking of one.

About 4 weeks before each event you will receive an email, letting you know whether or not your application has been successful.

To make an online application

- Go to **https://www.aoup.ox.ac.uk/** and click the **Social events** tab.

- Select the outing which you would like to apply for and scroll down to "***Apply online***" where you will be directed to the online application form for that trip to complete.

- Please note that fields with * by them are required to be completed whereas others are optional.

- Payment is by Stripe, using a credit card. If the outing is over-subscribed and if you're not successful in a ballot, a refund will be made to your payment method through Stripe.

- If you need help, please contact aoup-summerevents@admin.ox.ac.uk.
